

THE ARCHITECTURE AROUND THE FIRE

MANTELS

A mantel does so much more than frame a fireplace. It gives the fire architectural presence, establishes proportion and helps define the character of the room. Jetmaster offers a considered collection spanning clean contemporary profiles, Hamptons-inspired detailing and traditional surrounds.

CLEAN, CONTEMPORARY PROPORTION
Stone surrounds bring materiality without overwhelming the room

TRADITIONAL DETAIL
A mantel can add depth, ornament and a sense of permanence.

SIX DESIGNS. DISTINCTLY DIFFERENT.

Across MDF, limestone and calacatta, the range allows the fireplace surround to be selected as part of the interior scheme - not simply added at the end.

From decorative profiles to restrained architectural surrounds.

CHOOSE THE RIGHT PROFILE

The range covers traditional, Hamptons and contemporary styles, with multiple sizes available across the range. Use the profiles below as a visual starting point, then confirm dimensions and fireplace compatibility for the installation.

BELMORE
MDF / LIMESTONE
Hamptons-inspired - clean, elegant lines.
White or charcoal.

SIZES 58 | 65 | 65 Tall

CRANBOURNE
LIMESTONE
Modern and understated with a simple stone profile.
Matching hearth supplied.

SIZES 56 | 62

MARSEILLES
LIMESTONE / WHITE CALACATTA
A stronger European character and more sculptural presence.
Matching hearth supplied.

SIZES 52 | 61

MODENA
LIMESTONE
Sophisticated modern surround with restrained detailing.
Matching hearth supplied.

SIZES 55 | 65

RICHMOND
MDF / LIMESTONE
Traditional character with decorative detailing.
Stone: limestone or granite hearth.

SIZES 56 | 550 | 63

WINDSOR
MDF / LIMESTONE
Timeless traditional proportions and a simple profile.
Stone: limestone or granite hearth.

SIZES 56 | 550 | 63
